Knowledge Base

A **knowledge base** is a place where the knowledge of an organisation, department, or team can be centralised. Employees collect their team and department knowledge and companies use it to provide an online helpdesk to answer frequently asked questions (FAQs) and share best practices.

Finally, you can find information about products, services, events, organisations, locations and partnerships.

Webinar: BlueSpice 4 (12:43)

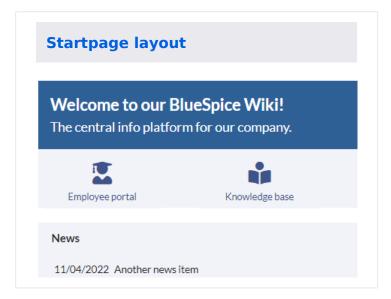

Wikipedia and its sister projects are undoubtedly the most popular knowledge bases. Wikis are created to easily and collaboratively add or update knowledge dynamically.

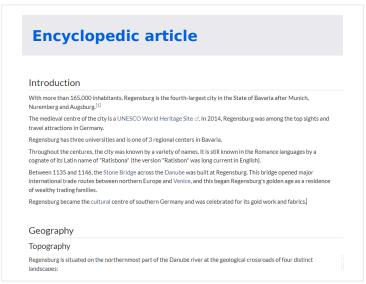

Different contributions are quickly linked together. Over time, wikis become more valuable as the links become richer and more complex.

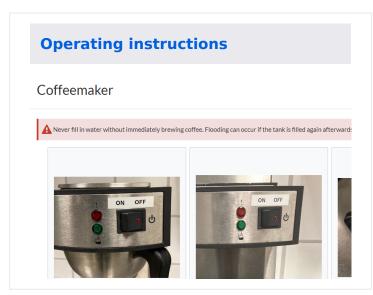

Wikis, and in particular the Wikipedia software MediaWiki, are designed to allow knowledge to be aggregated and individual wikis to be combined.

Executive summary

The introduction of a chat bot as marketing/sales support was decided by management in 2022. The evaluation of various possible uses and different ChatBot services has progressed so far that a decision can be made. The following information provides an overview of the findings from the evaluation phase.

Details

Major tasks that have been completed:

Business area	Topic	Highlights	Unexpected project risks	Lessons learned
Marketing	Marketing /sales decided as the first user of the ChatBot technology	 Determination of the tasks of the ChatBot Ad Campaign: Planning complete Designs for ChatBot CI: Drafts are available 	 Cost per use varies greatly depending on the bot Inclusion in website: time depends on website provider 	 Good time to enter the Al world Risks rather minimal as costs can be planned incrementally
ΙΤ	Evaluation of the different providers	Shortlisted (xyAl, ChatSale, WinChat)	 Inclusion in CRM and ERM unclear Absence of admin staff in Q2 	 In general, implementation within 3 months is conceivable
Support	Processing and evaluation of chat contacts	 3 support staff will be trained accordingly 	• no	 High motivation in the support team Support team needs a way to "train" the bots

Business review

Assess the impact of the key findings for the reporting period.

Metric	Target	Previous period	Current period	Change	New target
Number of ChatBot requests per month	4000	-	-	+ 3000	7000
Costs (up to 50000 requests /month)	-	-	-	-	€400 /month
Expected lead generation	150	-	-	-	400

Measures

Based on the performance of the reporting period, the following actions are implemented for the above metrics.

Number of ChatBot requests per month

Responsible	Measures
Sibylle	 Announcement of the ChatBot across all marketing channels In the initial quarter: Daily analysis of the chats conducted
Alex	Guarantee 100% availability of the bot during the first week (emergency team is ready)

Costs (up to 5000 requests/month)

Responsible	Measures
Angie	Daily monitoring of user numbers. Informing marketing management when costs are exceeded.

Expected lead generation

Responsible	Measures
Thea, Malik	Evaluation of the chat questions that were asked and a graphical report to the marketing
THEU, MUIK	management 2. Ensuring timely processing of all follow-up inquiries

How to brew coffee

Never fill in water without immediately brewing coffee. Flooding can occur if the tank is filled again afterwards!

1. Place the empty **coffee pot** on the machine without the **pumping rod**.

2. **Turn on** the coffemaker. If water has already been added, it will start running through.

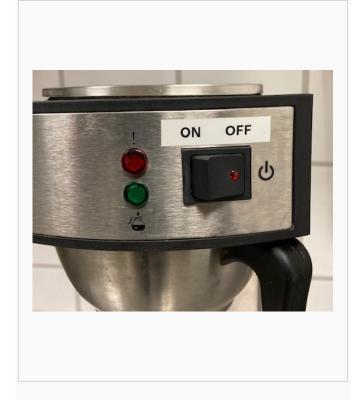

3. Put a **coffee filter** in the filter pan.

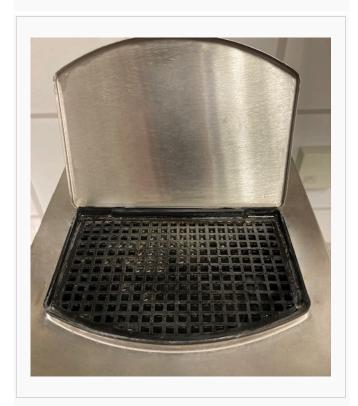

4. Add **8 measuring spoons** in the coffee filter. Use the correct spoon.

5. Attach the **filter pan** to the machine.

6. Fill the provided **measuring cup** with water to the 2 liters mark.

7. Pour the content of the measuring cup into the **water reservoir**.

8. After the coffee is ready, place the **pump stick** in the coffee pot.

9. Enjoy your coffee!

Introduction

With more than 165,000 inhabitants, Regensburg is the fourth-largest city in the State of Bavaria after Munich, Nuremberg and Augsburg.^[1]

The medieval centre of the city is a UNESCO World Heritage Site. In 2014, Regensburg was among the top sights and travel attractions in Germany.

Regensburg has three universities and is one of 3 regional centers in Bavaria.

Throughout the centures, the city was known by a variety of names. It is still known in the

View of Regensburg

Romance languages by a cognate of its Latin name of "Ratisbona" (the version "Ratisbon" was long current in English).

Between 1135 and 1146, the Stone Bridge across the Danube was built at Regensburg. This bridge opened major international trade routes between northern Europe and Venice, and this began Regensburg's golden age as a residence of wealthy trading families.

Regensburg became the cultural centre of southern Germany and was celebrated for its gold work and fabrics.

<u>Geography</u>

Topography

Regensburg is situated on the northernmost part of the Danube river at the geological crossroads of four distinct landscapes:

- to the north and northeast lies the Bavarian Forest (Bayerischer Wald) with granite and gneiss mountains, wide forests and its national park
- to the east and south-east is the fertile Danube plain (Gäuboden) which are highly cultivated loess plains
- the south is dominated by the tertiary hill country (Tertiär-Hügelland), a continuation of Alpine foothills
- to the West is Franconian Jura (Fränkische Jura)

Climate

The climate in Regensburg is categorized in the Köppen climate classification as Dfb (humid continental). The average temperature of 8.5 °C is slightly above the German average (7.8 °C), the average precipitation of 636 mm per year below the German average (approximately 700 mm). With a total of 1670 sunshine hours per year, Regensburg is roughly 120 hours above German average.^[2]

The warmest month of the year, on average, is July. The coolest month of the year, on average, is January.

Culture

Theaters

The Regensburg Theater at the Bismarckplatz is 200 years old and is the most important theater of the city. Operas, operettas, musicals and ballets are shown. In summer, open-air performances are carried out as well. With the theater at the Bismarckplatz as the oldest and largest one, the Regensburg theater has four other stages with programmes that complement each other: [3] in the *Neuhaussaal* of the theater at the Bismarckplatz, concerts by the Philharmonic Orchestra Regensburg take place. The Velodrom Theater presents musicals and plays. In the Haidplatz Theater mainly literary and modern plays are performed, whereas the Turmtheater at the Goliathplatz shows modern plays as well, but also cabarets, musicals and plays for children.

Events

Twice a year takes place the Regensburg Dult, the city's Volksfest, which is Bavaria's fourth largest. The Bürgerfest (citizen celebration) in the Old Town is every two years, attracting over 100,000 visitors. Every second weekend in July, knights and other medieval people come together at the Regensburg Spectaculum, a medieval market, on the Stone Bridge. Every December, there are several Christmas markets all over the city.

Nightlife

With over 500 bars, restaurants, clubs and other locations in the inner city alone, Regensburg provides a rich and diverse nightlife due to its young population.

Travel reimbursement

Owner / assigned to:	Accounting
Scope:	Company-wide
Approver:	Niklas Pavlika (Head of Finances)
Status:	Effective
Valid from - to:	01/27/2023 -

Contents 1 Purpose 42 2 Provisions 42 3 Rules 42 3.1 Business trips 42 3.2 Entitlement to travel allowance 42 3.3 Travel and flight reimbursement 43 3.4 Overnight stays 43 4 Roles and responsibilities 43 5 Definitions 44

Purpose

This policy regulate the reimbursement of travel expenses for employees on business trips in Germany and abroad.

Provisions

All employees at the company headquarters, in the branch offices or employees at remote workplaces submit their applications for reimbursement of travel expenses, advance payments and their travel expenses and material costs via the portal https://reimbursement.mycompany.com.

Every employee receives their personal user access to this portal after applying via the HR department.

Rules

Business trips

A business trip carried out on behalf of the employer must be approved electronically by a supervisor before the trip begins and costs are incurred. Excluded from this are business trips within the place of work or residence and daily appointments of less than eight hours within a federal state (field trips, errands).

Entitlement to travel allowance

In principle, travel expense reports should be submitted as soon as possible, but no later than three months after the end of the business trip. Six months after the end of the business trip, the entitlement to reimbursement of travel expenses expires. In the case of trips abroad, a travel plan must also be attached to the business trip application and a travel report to the travel expense report.

Travel and flight reimbursement

The following rules apply:

- When traveling by **public transport**, the necessary costs of the lowest class will be reimbursed. The travel expenses include also the expenses for surcharges and surcharges for trains and reservation fees. The costs of a Bahncard are reimbursed proportionately up to the amount of the purchase price, as they lead to savings in the case of business trips.
- The costs for the taxi and rental car will only be reimbursed in justified cases. Justified cases are:
 - The main means of transport or the apartment cannot be reached in any other way,
 - $^{\circ}$ the place of business cannot be reached otherwise or on time,
 - the state of health of the employee makes this necessary,
 - the journey must take place between 11 p.m. and 6 a.m.,
 - there is a concrete danger to the employee,
 - heavy or bulky luggage must be carried.
- Parking fees are reimbursed up to €12 per day.
- Flight costs will only be reimbursed if there are business reasons (due to appointments) or
 economic reasons (time and cost savings) and in the amount of economy class. Approval for
 the flight and the assumption of costs must be obtained from the supervisor before the start
 of the business trip together with the business trip application. Bonus miles earned for work
 may only be used for work.

Overnight stays

Accommodation costs that cannot be proven with receipts are to be reimbursed at a flat rate of €50 per night. If the accommodation costs are higher, they will be reimbursed insofar as they were unavoidable and reasonable. An overnight stay of up to €120 is usually considered reasonable. Costs for overnight stays that exceed the maximum amount of €120 will only be reimbursed if there is a justified exceptional situation (trade fairs) and the supervisor has approved the assumption of costs before the start of the business trip together with the business trip application.

Definitions

Definition of key terms in this guideline:

- Travel costs: All costs that arise in connection with a trip, such as transport costs (travel
 costs by car, train, plane or ship), accommodation costs, additional meal expenses and
 ancillary travel costs.
- Material costs: Costs that cannot be assigned directly to an order, with the exception of salaries and ancillary salary costs. Here, for example: additional room costs, insurance or repairs.
