## Come on board: Test some use cases

### Tour 1 Knowledge Base

Helpdesk, glossary, FAQ: Transform your enterprise into a knowledge-based organization.

### Tour 2 Integrated Management System

Quality, risk, or compliance management — all documented in one spot.

### Tour 3 Documentation System

Whether IT, project or technical documentation: Find operational information quickly if necessary.

## Tour 4 **Online / Organization** **Manual**

Organize your manuals the wiki way with optional PDF output.
